February, 2012

Welcome to the Cambridge School District Open Enrollment Webpage

Open Enrollment Window is February 6 – April 30, 2012

The Cambridge School District provides a safe, welcoming learning environment for students, parents, and community members. We offer a well-balanced blend of academics, arts, and co-curriculars.

We are proud of the progressive initiatives we have implemented in our curriculum. Students can begin their education journey by enrolling in our newly created 4-K Program. All of our students interact with technology through the use of Smart Boards and other technology resources. Our web site tools allow families open access to their children's progress through the online Family Access,

The District's size allows us to know students and their families on an individual basis, yet we still offer opportunities for students many other districts do not. The safe, caring, personalized environment supports excellence. Students succeed with teachers who have high behavioral and academic expectations for all. Teachers support students to develop creativity and achieve academic excellence. We use on-going assessments such as the Scholastic Reading Inventory (SRI), Explore, and Plato to monitor student progress and growth.

Please contact us to schedule a personal tour of any of our schools. Our principals, and our District Administrator, Mr. Bernie Nikolay, are eager to meet with you.

You may reach the District Office at 608/423-4345 for further assistance.
